Canadian Adult Education Credential

TVO has partnered with the Ontario Ministry of Education as the only authorized provider of the CAEC certificate in Ontario. Candidates can earn a high school equivalency certificate to help them further their professional and educational goals.

Who we serve:

Canadian Adult Education Credential (CAEC) supports adults who do not have a high school diploma and need an education credential to open new doors to educational, training or employment opportunities.

This program might be right for you if:

- If you do not want to go back to high school but your employer needs proof of high school equivalency.
- If you need proof of high school equivalency to find a job, pursue studies in college, or to apply for an apprenticeship.
- You live in Ontario and have been a resident for at least 6 months.

Why choose CAEC:

- As with the GED®, Ontario candidates who successfully complete the CAEC will get an Ontario High School Equivalency Certificate.
- Tests are scheduled in advance and completed on computers at official testing centres across Ontario. Those taking the CAEC assessment will have the option to book individual tests according to their schedule.
- The CAEC assessment includes five tests, which take approximately 7.5 hours to complete in total.
- It costs \$100 to register for all 5 CAEC tests.
- Available in English and French, this new credential is a high-quality, made-in-Canada education credential that meets industry standards as a replacement for the GED®.
