

Learning that connects

At TVO Media Education Group, we provide high-quality, free-to-access learning resources that support the critical thinking and creative skills needed for a 21st century workforce.

Our digital resources, created by Ontario Certified Teachers, are designed to complement learning by maximizing engagement, relevance, and learners' success.

Connect with our Outreach Team for a demonstration of how TVO's high-quality programming and K-12 digital learning resources can be used to empower your learners!
